Recognized by- Indian Nursing Council (INC) & Odisha Nurses & Midwives Council (ONMC)

MISSION

- Maintain the highest ethical & moral standard emphasizing integrity, honesty, trustworthiness, professionalism and stewardship.
- Uphold the spirit of philanthropy and the practice of volunteerism.
- Provide outstanding services to all with utmost respect regardless of view point of status.

VISION

Our vision is to heal and comfort the suffering humanity with compassion and respect with advanced body of scientific Nursing knowledge, innovative & technological approaches to transform evidence-based Nursing practice locally, nationally and globally to be recognized as Nurse educator, Nurse practitioner and global leader.

Kalinga Institute of Nursing Sciences **KINS**

Kalinga Institute of Nursing Sciences (KINS)

has been an epitome of nursing educational institute in Odisha since 2008, academically affiliated to KIIT Deemed to be University. KINS has been promoting creativity & innovation through technology-based education, student-centric teaching-learning methods like blended learning, experiential learning, flipped classroom, E-learning modules & simulation-based learning in well-equipped laboratories. KINS imparts quality education by qualified, diverse & experienced PG & Ph.D. faculties. KINS blends humanistic values with core principles of nursing profession by adhering to code of ethics. Alumni talk series motivate, explore & develop career management skills of our students. Student friendly campus of KINS, has access to latest ICT tools, resources & software. Students of KINS regularly gets scholarship of Rs.10,000/ for their academic performance & been given monthly stipend to motivate & encouragement.

The programs offered by KINS are broad-based holistic nursing education within an approved academic framework, specifically designed to cater societal demands

towards sustainable development & develop critical thinking abilities, clinical competencies, standards for practical & professional nursing skills. For its visibility & extensive nursing presence in India KINS has been associated with professional bodies like Trained Nurses Association of India (TNAI), Society of Midwives India (SOMI), Nursing Research Society of India (NRSI), Society for Nursing Practice (SFNP), Research India Foundation (RIF), Society of Indian Neuro Nurses (SINN) & Society of Cardiac Nurses (SOCN).

Since its inception, KINS has a record of 100% placement. In addition, KINS has also collaborated with Medi-Globo (Elevate Health force.org) for overseas recruitment and initiated Crash Course Consultancy program for Interns. Clinical experience of students takes place within campus in state-of-the-art super speciality parent hospital, Pradyumna Bal Memorial Hospital (PBMH-KIMS), with a capacity of 2600 bed to gain adequate cognitive & psychomotor skills in healthcare industry to make them globally employable & future entrepreneurs.

Why KINS?

PLACEMENT

The nursing graduates from 2023, including both MSc and BSc nursing students. These graduates are associated with various nursing colleges, universities, and hospitals across India.

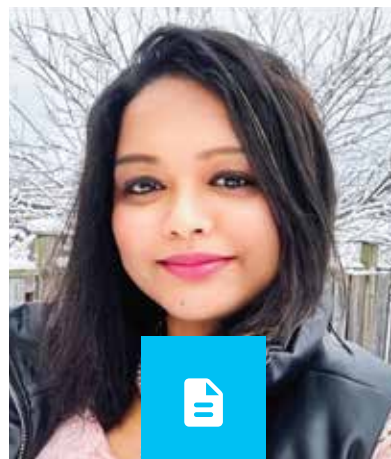

For MSc Nursing, students have completed their degrees and are employed as nursing officers, tutors, or faculty members at reputed institutions in abroad like Canada, UK, Norway, Newzland etc. Prominent MSc Nursing graduates are affiliated with well-known colleges like KINS, KIIT University, Sum Nursing College, Sri Sri University, Prativa Devi College of Nursing, and others in Bhubaneswar, Cuttack, Bangalore, Delhi, Mumbai and West Bengal. Many MSc graduates hold teaching positions, such as tutors or senior nursing instructors at institutions like KINS, SOA University, and Pramoth Nath Das Academy of Nursing. Others are working as nursing officers at hospitals, including SRM Medical College, Dharanidhar Medical College, and Seven Rangers Institute of Nursing.

For BSc Nursing, students are also spread across various institutions and hospitals. Graduates are working as clinical instructors or nursing staff at hospitals such as KIMS Hospital, BP Podar Hospital, Durgapur Health World, and others. Notably, many BSc graduates are affiliated with KIMS Hospital, filling roles such as nursing officers or clinical instructors.

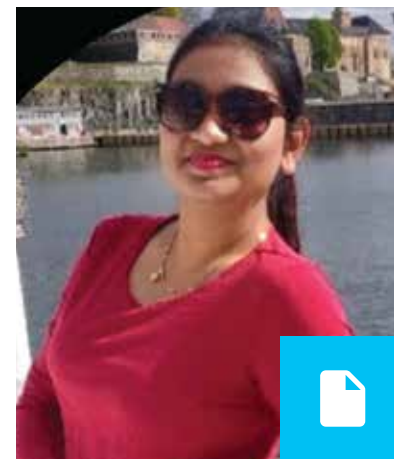

Overall, these graduates represent a diverse pool of talent working in clinical and educational settings across the country.
